Intro – 10s

Introduce yourself; mention institution and experience. Keep this brief. Focus on only what's relevant to your research background.

RQs – 15s

Introduce a research desideratum and/or a problem, you have identified. Name your (current) main research question or hypothesis (if you haven't any one: mention your favourite topic, which you may follow in the future).

HOWTO – 25s

Introduce your solution to the problem and/or the research design. Address only the problem/desideratum identified, no more, no less.

FAQs – 10s

Conclude, which outcomes you may already have found or which ones you expect. Which impact has your research for informatics didactics?
