

Workshop on the tuning of hadronic interaction models

Tuesday, 23 January 2024

Particle transport in matter - Guesthouse, Campus Freudenberg (11:00 - 12:30)

time	[id] title	presenter
11:00	[28] CORSIKA 8 overview	SANDROCK, Alexander
11:25	[29] MCEq for atmospheric lepton flux calculation	FEDYNITCH, Anatoli
11:50	[12] atmospheric flux calculations and LHC input	GARZELLI, Maria Vittoria

Particle transport in matter - Guesthouse, Campus Freudenberg (16:30 - 18:00)

time	[id] title	presenter
16:30	[21] Air shower genealogy	REININGHAUS, Maximilian
16:55	[3] Strangeness enhancements and the muon excess in extensive air showers	SIGL, Guenter
17:20	[16] CRPropa: overview and embedded hadronic interactions	MOREJON, Leonel
